Postponement of the publication of the 2019 semi-annual financial statements to the end of December

As indicated on 31 October 2019 (see press release), the contribution and consolidation transactions that took place during the first half of 2019 required specific accounting treatments and the first-time inclusion of the accounts of the main subsidiary, Brexia Goldplata Perú SAC.

Due to a more substantial work than anticipated, linked to the complexity of the application and implementation of IFRS 3 "Business Combinations", Auplata Mining Group (Euronext Growth - FR0013410370 - ALAMG) will publish its 2019 half-yearly accounts, audited by its co-auditor, by the end of December, instead of the 15 December 2019 initially planned.
